Personal Details

- Date of Birth : 31-03-1997

Objective

Dedicated .net developer with a proven track record of delivering high-quality code and solutions. Seeking a challenging role where I can utilize my skills to contribute to cutting-edge projects, solve complex problems, and drive innovation in a collaborative and dynamic work environment.

Experience

- **Motial Oswal Financial Services Ltd**   Dec 2022 - Oct 2023
  Software Developer
  Developed robust and scalable web applications using ASP.NET Core, ensuring high performance and responsiveness.
  Collaborated with cross-functional teams in an Agile environment, participating in sprint planning and daily stand-up meetings.
  Implemented security best practices, conducting regular code reviews to ensure the integrity and safety of applications.
  Integrated third-party APIs for enhanced functionality, improving overall user experience.
  Utilized C# and ASP.NET MVC to build dynamic and data-driven web applications, meeting client requirements and deadlines.
  Worked closely with front-end developers to integrate user-facing elements using HTML, CSS, and JavaScript.
  Diagnosed and resolved software defects, ensuring a smooth and error-free user experience.
  Developed and optimized stored procedures for efficient data retrieval and manipulation.
  Collaborated with the database team to design and implement effective database solutions.
  Utilized SQL to create stored procedures for various business processes, enhancing overall system performance.
